

Here at the Beatty Chamber of Commerce we are passionate about where we are from, and where we are going. Inspired by the potential of our region and the people who call it home. We do more than live in this community, we imagine what it could be and push it to greater, harnessing vision, expertise and the power of 'we' to raise our quality of life. We are the Beatty Chamber of Commerce and our community is counting on us.

May Newsletter

Beatty Chamber of Commerce

beattynevada.org

Welcome to Beatty, Nevada

All of us at the Chamber of Commerce would like to take a moment to express our concerns for everyone being affected by COVID-19. During this challenging time, above all, we value the safety and well-being of our members, neighbors, community and country.

We are committed to continue working for you. The office doors may be locked but we are still there, taking your calls, emails, answering any questions you may have and ready to assist you in any way we can.

We will continue to pass on any information we receive that may be of benefit to any of our members.

We have sent out a resource guide and information for the Phase 1 reopening of Nevada. If anyone has questions or needs more information, please contact the Chamber office.

The next few pages will contain information regarding Beatty and our surrounding area:

With Heavy Hearts, the Beatty Chamber of Commerce has decided to cancel Beatty Days 2020 due to COVID-19. We look forward to Beatty Days 2021. We appreciate your past participation and support in our yearly event and hope that you can join us next year when this is all over. Your health and safety is our biggest priority and concern and we would be devastated if event participants contracted the virus. Please take care and we will see you next year.

Office Update

I hope this month's newsletter finds you all healthy. Although the office doors are locked, I am here everyday handling emails and phones, if you need to come by just knock and I'll be happy to open for you. Our town is pretty quiet, but I am still getting calls from travelers who want to know if they can come to Beatty. My answer is always "YES, ABSOLUTELY!" I let them know we are open for business with some adjustments; our restaurants are starting to reopen under the guidelines of the Governor's Phase 1 Reopening Plan.

So take heart my friends, the people are still out there, they want to come back and they will. In the meantime, if there is anything you think of that we at the Chamber can do to help encourage commerce or help your businesses, please let me know.

We are trying to keep a "business as usual" frame of mind and I am continuing to look for advertising opportunities as they become available. Several of our current advertising resources and contracts allow us to continue our ads until the end of the year. We are still advertising in Germany with the "Spirit of the West" magazine and as always "Nevada Magazine". We will be reprinting our "Gateway to Death Valley" brochures and our distribution of the brochure will now include McCarran International Airport in addition to over 350 locations along Hwy 395 corridor, Bishop, Mammoth Lakes and Las Vegas. We have extended our Membership Application deadline to May 16th for anyone in the Beatty Room Tax District who would like to have your tourist-oriented business represented in this printing. We are working hard to make your presence known and get people to Beatty.

Although the Nevada Division on Tourism Grants have been currently suspended, we will keep you informed when funding becomes available and how we will be using those funds to advertise for Beatty.

Until next month – Stay Healthy, My Friends

If you have not renewed your membership for 2020 this will be your last newsletter. If you need an application please call Patti in the Chamber Office at 775-553-2424 or email beattychamber@sbcglobal.net

Chamber Membership Applications went out this month. If you did not receive one and would like to be a member please contact Patti at the Chamber. 553-2424 beattychamber@sbcglobal.net

April 2020 Beatty Chamber of Commerce Member of the Month.

Eddie World Death Valley Nut and Candy

Eddie World Death Valley Nut and Candy store was built in 2001. Eddie World came to life with the original idea as a gas station convenience store. Ed Ringles Vision, creativity and love of building soon evolved Eddie World from your average convenience store into Nevada's largest privately owned candy store featuring handmade Ice Cream with a large variety of flavors all made on site. Eddie World features Nuts and Candies from all over the world. They are packaged on site and can be shipped throughout the continental United States as well as Alaska and Hawaii. Eddie World offers a wide variety of items available from post cards to stuffed animals and beyond, Eddie World also houses the Subway restaurant featuring fresh salads and sub sandwiches, Death Valley Coffee Time offering a wide variety of Lattes and specialty menu items and Jedidiah's Jerky that features specialty jerky including snake, venison and bison varieties. Eddie World has approximately 20 fulltime employees. Eddie World regular store hours are daily from 6AM to 10PM. Currently we have reduced hours of operation daily 8AM until 8PM. The gas station is available for pay at the pump / self-serve credit transactions 24 hours a day. Conveniently located on this property is a Tesla charging station. If you are looking for ice cream, sweet treats, gift items or fresh dining options stop by and say hello. We look forward to serving you soon!

Nevada Matters. Be Counted. Help Your Community.

For the first time ever Nevada is beating the National Average for Census Self-Response! You can help by completing your census right now at <https://census.nv.gov>. Let's show the state and the country that rural Nevadans care about our funding for much needed programs and fair representation in government!
@NVCensus2020 #RuralNVCounts

Hello Everyone,

Nevada has just joined the Western States Pact, so we don't know yet when some of the businesses will start opening. We are considering a conference call for our next meeting since the Stay at Home for Nevada order is still in place. I have been participating in a lot of conference calls and have been informed by Travel Nevada (Nevada Commission on Tourism) that there will be limited room tax monies this next year so they have shut down the grant application process at this time. They will let us know if and when it opens back up, but to not be hopeful as they are anticipating an \$2 million dollar short fall this year. We have presented a budget for our next fiscal year for General Operating and advertising to BTAB. it has been approved by the Town Board, but it still has to be approved by the County Commissioners. Right now we have reduced the office days to Monday, Tuesday, Friday because of the COVID-19 and put a freeze on the Clerk position that was held by Dora. Patti is making sure the kiosk is filled, answering phone calls, following up on advertising that we have grants for now and doing the day to day operations of the chamber like paying the bills, making deposits, putting together treasurers reports, etc. Gemfield Resources from Goldfield has a \$1000. - \$5000. Grant for Rural Businesses in Tonopah, Esmeralda and Beatty to get you through the COVID-19 pandemic and hopefully offset some of your rent payments, utilities and payroll. Patti sent that out last week. If you did not receive it you can contact me or Patti and the office and we will forward it to you. This is the same company that owns CR Reward. Please let me know if you have any questions. We will be setting a date for the conference call meeting soon and will let you know when it is and how to access it by phone.

Thanks,

Ann Marchand
President

**DEPARTMENT OF BUSINESS AND INDUSTRY
DIVISION OF INDUSTRIAL RELATIONS**

May 4, 2020

To Whom It May Concern:

On April 30, 2020, Governor Sisolak laid out the State's *Nevada United: Roadmap to Recovery* plan, designed to build a path forward and safely restart Nevada's economy. Nevada has a proven record of resiliency. This plan takes a collaborative approach to unify efforts towards collective goals to rebuild our communities back stronger than they were before. Government entities, businesses and individuals all have a role to play to ensure a successful recovery, which will require common sense and personal responsibility.

Develop a Plan

Each business in our state needs to begin considering how it will reopen in a phased approach depending on the level of health risk to Nevadans. Consider the following as you develop your COVID-19 reopening action plan:

- Amend your Written Safety Program to address the potential hazards in each phase of reopening (required for businesses with more than 10 employees) (NAC 618.538).
- Per your Written Safety Program, evaluate new hazards as they are identified and re-evaluate known hazards to identify any additional mitigation measures needed (NAC 618.540(1)(b)). Businesses should consider engineering controls, administrative controls, safe work practices, and Personal Protective Equipment (PPE).
- Develop and implement training for employees for any equipment, engineering process, administrative control or PPE required by your plan (NAC 618.540(1)(c)).
- Establish methods for ensuring compliance with the amended safety rules and work practices (NAC 618.540(1)(e)).
- Establish policies and practices that ensure social distancing.
- Establish policies and practices to sanitize common surfaces and encourage hand washing.
- Conduct daily surveys of changes to staff/labor health conditions.
- Address how to serve customers who are sick or in vulnerable populations.

Need Help Developing a Plan?

Free technical assistance is available from Division of Industrial Relations' Safety Consultation and Training Section (SCATS) as you develop your plan. SCATS can be reached at (702) 486-9140 (Southern Nevada), (775) 688-3730 (Northern Nevada), and (775) 778-3312 (Elko). You may also contact SCATS electronically at <https://www.4safenv.state.nv.us/contact-us>.

The Division of Industrial Relations is committed to working collaboratively to help Nevada businesses reopen safely. Please contact us if you have any questions.

Sincerely,

Victoria Carreón
Interim Administrator
Division of Industrial Relations

Beatty Residents

With much consideration we are going to have to cancel the 4th of July activities in the park this year.

Our concerns are the health and safety of every resident and anyone visiting our Great Community.

We will be doing a fireworks show at dark.

We are asking for you to enjoy the show from your home.

We want you to **STAY SAFE** for Beatty.

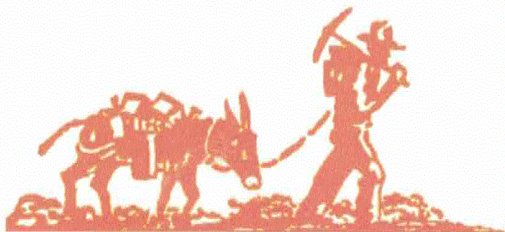

From all of us at the BVFD we thank you in advance.

If you have any questions, please call. 702-375-8817

Sincerely
Michael Harmon

News Release

SOCIAL SECURITY

Update on Social Security Offices from Andrew Saul, Commissioner of Social Security

“Earlier this week, The White House issued national guidance regarding Opening Up America Again. We are evaluating this information as it relates to our agency and are continuing to closely monitor the COVID-19 situation across the nation. In fulfilling Social Security’s mission, when we reopen offices to the public, we will provide a safe environment for both the people we serve and our employees.

As we continue to develop our plans, our offices will remain closed to the public for face-to-face service, and our employees will continue to work remotely and provide services to the public. We will provide updates moving forward and post updated information on the status of our offices, by state, at www.socialsecurity.gov/coronavirus. Our agency will provide these updates directly, and please disregard other sources of information regarding the status of our offices.

We will continue to provide the vital service the public relies on. Please visit www.socialsecurity.gov/coronavirus for more information about our services during the pandemic.”

This press release was produced and disseminated at U.S. taxpayer expense.

**We would like to welcome
Longstreet and the Beatty Airport
to our family of fuel stations!**

As a proud member of the Beatty Chamber, we wanted to announce the recent opening of the Longstreet Fuel Station on Highway 373 in Amargosa Valley, seven miles from the Death Valley Junction. We have now filled a highly requested need for our visitors and locals. The Longstreet Fuel Station is open 24/7. We invite all the Chamber Members to stop by when headed to Pahrump or Death Valley and say hello.

1st customer to fuel up at Longstreet, Jim Marsh, the owner.

*Curt Thompson
General Manager
Longstreet Inn & Casino*

The Beatty airport is open and operating after undergoing significant renovation.

[Click here](#) to read full article.

County Government Offices and other operations will remain at their current levels until further notice. The Governor's extension of the **Stay At Home Order**. [Click here](#) to see hours of operation for each office!

Cottonwood Park will remain closed until further notice. Once reopened the Pool will remain closed this season while BGID uses this time for repairs and maintenance.

Beatty Mobile Massage Services

We're opening Monday with new safety protocols and a massage special! Our new safety protocols include mask (I will wear the mask), hand sanitizer, gloves, an infrared temperature check, and only one client at a time in the building.

All in-shop, 1 hour massages will be \$45.00, a \$20 savings to support our clients stressed from the COVID-19.

Make your appt. now! See ya soon!
